Give Form W-4 to your employer.

Your withholding is subject to review by the IRS.

(a) First name and middle initial	Last name	(b) Social security number

(c) <input type="checkbox"/> Single or Married filing separately <input type="checkbox"/> Married filing jointly or Qualifying surviving spouse <input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		
<b>Caution:</b> To claim certain credits or deductions on your tax return, you (and/or your spouse if married filing jointly) are required to have a social security number valid for employment. See page 2 for more information.		

**TIP:** Consider using the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to determine the most accurate withholding for the rest of the year if you: are completing this form after the beginning of the year; expect to work only part of the year; or have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), dependents, other income (not from jobs), deductions, or credits. Have your most recent pay stub(s) from this year available when using the estimator. At the beginning of next year, use the estimator again to recheck your withholding.

**Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5.** See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App).

**Step 2:  
Multiple Jobs  
or Spouse  
Works**

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

- (a) Use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) for the most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**
- (b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**
- (c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than Step 2(b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, Step 2(b) is more accurate . . . . . ☐

**Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs.** Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

<b>Step 3: Claim Dependent and Other Credits</b>	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):		
	(a) Multiply the number of qualifying children under age 17 by \$2,200 . . . . .	<b>3(a)</b> \$	
	(b) Multiply the number of other dependents by \$500 . . . . .	<b>3(b)</b> \$	
	Add the amounts from Steps 3(a) and 3(b), plus the amount for other credits. Enter the total here . . . . .	<b>3</b>	\$
<b>Step 4: Other Adjustments</b>	(a) <b>Other income (not from jobs).</b> If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income . . . . .	<b>4(a)</b>	\$
	(b) <b>Deductions.</b> Use the Deductions Worksheet on page 4 to determine the amount of deductions you may claim, which will reduce your withholding. (If you skip this line, your withholding will be based on the standard deduction.) Enter the result here . . . . .	<b>4(b)</b>	\$
	(c) <b>Extra withholding.</b> Enter any additional tax you want withheld each pay period . . . . .	<b>4(c)</b>	\$

Exempt from withholding	I claim exemption from withholding for 2026, and I certify that I meet <b>both</b> of the conditions for exemption for 2026. See <i>Exemption from withholding</i> on page 2. I understand I will need to submit a new Form W-4 for 2027 . . . . . <input type="checkbox"/>

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

### Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to [www.irs.gov/FormW4](http://www.irs.gov/FormW4).

### Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

**Exemption from withholding.** You may claim exemption from withholding for 2026 if you meet both of the following conditions: you had no federal income tax liability in 2025 and you expect to have no federal income tax liability in 2026. You had no federal income tax liability in 2025 if (1) your total tax on line 24 on your 2025 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2026 tax return. To claim exemption from withholding, certify that you meet both of the conditions by checking the box in the *Exempt from withholding* section. Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 16, 2027.

**Your privacy.** Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

**When to use the estimator.** Consider using the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) if you:

1. Are submitting this form after the beginning of the year;
2. Expect to work only part of the year;
3. Have changes during the year in your marital status, number of jobs for you (and/or your spouse if married filing jointly), or number of dependents, or changes in your deductions or credits;
4. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
5. Prefer the most accurate withholding for multiple job situations.

**TIP:** Have your most recent pay stub(s) from this year available when using the estimator to account for federal income tax that has already been withheld this year. At the beginning of next year, use the estimator again to recheck your withholding.

**Self-employment.** Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to figure the amount to have withheld.

**Nonresident alien.** If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

## Specific Instructions

**Step 1(c).** Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

**Step 2.** Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work. Submit a separate Form W-4 for each job.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount of tax withheld will be larger the greater the difference in pay is between the two jobs.

**Multiple jobs.** Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

**Step 3.** This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain credits. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

### Step 4.

**Step 4(a).** Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

**Step 4(b).** Enter in this step the amount from the Deductions Worksheet, line 15, if you expect to claim deductions other than the basic standard deduction on your 2026 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for qualified tips, overtime compensation, and passenger vehicle loan interest; student loan interest; IRAs; and seniors. You (and/or your spouse if married filing jointly) must have the required social security number to claim certain deductions. For additional eligibility requirements, see Pub. 501.

**Step 4(c).** Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe when you file your tax return.

**Step 2(b) — Multiple Jobs Worksheet** (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

**Note:** If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at [www.irs.gov/W4App](http://www.irs.gov/W4App).

- 1 **Two jobs.** If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 5. Then, **skip** to line 3 . . . . . **1** \$ \_\_\_\_\_
  
- 2 **Three jobs.** If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.

### EMPLOYEE INSTRUCTIONS:

#### • WHO MUST COMPLETE:

Effective on or after January 1, 2020, every newly-hired employee is required to provide a completed Form WT-4 to each of their employers. Form WT-4 will be used by your employer to determine the amount of Wisconsin income tax to be withheld from your paychecks. If you have more than one employer, you should claim a smaller number or no exemptions on each Form WT-4 provided to employers other than your principal employer so that the total amount withheld will be closer to your actual income tax liability.

You must complete and provide your employer a new Form WT-4 within 10 days if the number of exemptions previously claimed DECREASES.

You may complete and provide to your employer a new Form WT-4 at any time if the number of your exemptions INCREASES.

Your employer may also require you to complete this form to report your hiring to the Department of Workforce Development.

#### • UNDER WITHHOLDING:

If sufficient tax is not withheld from your wages, you may incur additional interest charges under the tax laws. In general, 90% of the net tax shown on your income tax return should be withheld.

#### • OVER WITHHOLDING:

If you are using Form WT-4 to claim the maximum number of exemptions to which you are entitled and your withholding exceeds your expected income tax liability, you may use Form WT-4A to minimize the over withholding.

**WT-4 Instructions** – Provide your information in the employee section.

#### • LINE 1:

(a)-(c) Number of exemptions – Do not claim more than the correct number of exemptions. If you expect to owe more income tax for the year than will

be withheld if you claim every exemption to which you are entitled, you may increase your withholding by claiming a smaller number of exemptions on lines 1(a)-(c) or you may enter into an agreement with your employer to have additional amounts withheld (see instruction for line 2).

(c) Dependents – Those persons who qualify as your dependents for federal income tax purposes may also be claimed as dependents for Wisconsin purposes. The term "dependents" does not include you or your spouse. Indicate the number of dependents that you are claiming in the space provided.

#### • LINE 2:

Additional withholding – If you have claimed "zero" exemptions on line 1, but still expect to have a balance due on your tax return for the year, you may wish to request your employer to withhold an additional amount of tax for each pay period. If your employer agrees to this additional withholding, enter the additional amount you want deducted from each of your paychecks on line 2.

#### • LINE 3:

Exemption from withholding – You may claim exemption from withholding of Wisconsin income tax if you had no liability for income tax for last year, and you expect to incur no liability for income tax for this year. You may not claim exemption if your return shows tax liability before the allowance of any credit for income tax withheld. If you are exempt, your employer will not withhold Wisconsin income tax from your wages.

You must revoke this exemption (1) within 10 days from the time you expect to incur income tax liability for the year or (2) on or before December 1 if you expect to incur Wisconsin income tax liabilities for the next year. If you want to stop or are required to revoke this exemption, you must complete and provide a new Form WT-4 to your employer showing the number of withholding exemptions you are entitled to claim. This certificate for exemption from withholding will expire on April 30 of next year unless a new Form WT-4 is completed and provided to your employer before that date.
